MEETING MINUTES

May 19, 1972.

Attendance for this month fell off from the last meeting. Only 36 drove through the rain to attend the dinner session with another four or five arriving in time for the program.

Due to the late hour the business portion of the May meeting was kept to an unbelievable minimum. Ron Crismond indicated all club news and club announcements were to be found in the newly revised monthly publication.

Having been rendered speechless Ron gave custody of the program to Dave Surter (representative of Royston Distributors). Dave is service manager for Royston and served his apprenticeship at Jaguar in "Jolly Auld Coventry". His over all knowledge of Jaguar was obvious and impressive as he fielded the many questions from the membership.

Curious though, the questions indicate Jaguar as a problem machine. Even so, we all seem to have one or two around even if they are unpredictable.

We hope to see more out next month.

INFORMATION

a layout of the track at lime rock park for those members of D.V.J.C. that are attending the spring lime rock weekend.

Lime Rock Park

In Lime Rock, Conn., on Route 112,
1.53-mi circuit, 11 turns

TECHNICAL TIPS

QUESTION; Who makes a trailer hitch for an XKE, and can one be used without disastrous results to the independent suspension.

J.E.Sloat, D.V.J.C.

ANSWER; D.V.J.C. checked and could find no commercial makers of trailer hitches to fit an XKE. We found out that Al Garz a member of Empire Division has made hitches in the past, that fit the XKE. His address is - Al Garz, c/o Speedway Motors, 1241 De Kalb Ave., Brooklyn, N.Y. We also found out that Larry Schear of D.V.J.C. is undertaking this same task at this time. A call to Larry may be of some help. Phone - 215-295-6796

NEWS

This is a copy of a letter received by your Director from the New England XK Association. May 19, 1972.

Ronald L. Crismond, Director
Delaware Valley Jaguar Club
P.O.Box 183,
Penndel, Pa. 19047

Dear Mr. Crismond;

We would like to extend to you and the Delaware Valley Jaguar Club, a personal invitation for your members to attend our annual XK day.

This is the third such event and we are for the first time having a true concours with competent judges.

I have enclosed a flyer stating the information and would be most happy to arrange anyone's wish for coming to this event and handle the motel accommodations personally, if needed.

In addition to the concours, we are having a popularity contest in which cars that are not concours may enter and compete for trophies. All persons attending are judges and cars are picked on a " I like this one best " basis.

Hope to see a representation at our meet from your club and bring back some hardware.

Best Regards,

Bernard V. Yurt, Founder and Chairman

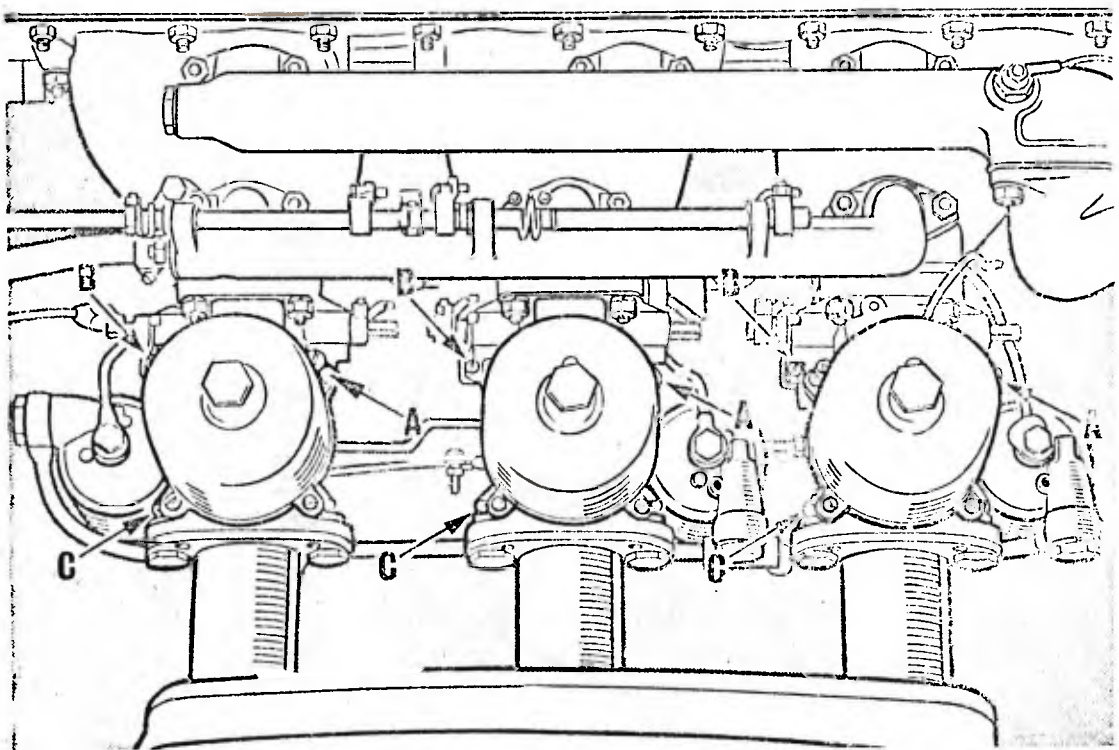

FOR SALE

WIRE WHEELS, complete set of 5 wheels to fit Austin Healey, reasonable and in good condition.
c/o John Sloat, 215-265-4084
