## PRESIDENT'S MESSAGE

The Auction at Lukens Inn was a Great Success the food was fabulous the atmosphere was full of Jaguar Jargon. All the items up for auction were on display for everyone to view, and the meeting went on with out a hitch. The Club owes a big THANK YOU to RALPH PALCHO for donating that beautiful hand painted Jaguar Garage Sign, which when the hammer came down went for \$225. There were also 2 other Jaguar signs that just happened to be Donated to the club by our very own president Jack Sanft who managed to secure those signs from Bloomingdales, those 2 signs brought the club \$160. What a day of fun was had by all that attended! We'll see you all at the upcoming "Classics at Renaissance" on Sunday May 19 1991 Noon to 5 for more fun and excitement. (See Enclosed Flyer for Details).

The Club sends its deepest sympathy to Jack and Bernice on the loss of Bernices brother Inlaw Al Levin who was killed in an automobile accident, and we wish a speedy recovery to his wife Audrey who was injured in the incident also.

**WHAT'S NEW**

Jaguar is planning a middle-range automobile to compete with the 5-Series BMW, and the mid-range Mercedes. The car is several years away from production, as planning has just started. Currently, Jaguar is involved in the time-consuming business of launching the new V-12 using the body of the present XJ6 with proper modifications.

Doesn't this car resemble the old Mark I and Mark II sedans? I think it has very pleasing lines and a number of people I have shown this picture to have responded positively. I hope it does not go the unfortunate route that the XK-F went and end up in oblivion.

*Pat W.*

- NOV 17, SUN. Tech Session - Pat Tillson's
- DEC 14, SAT. Annual Holiday Party - Towne House, Media, PA

When replacing automobile light bulbs that are stubborn to remove, place a length of rubber tubing over the bulb. Be sure the tubing is a snug fit and sturdy enough so the walls will not collapse when turned to remove the bulb. Using this technique will protect your fingers from glass particles if the bulb breaks.

When tightening bleed nipples on wheel cylinders, do not over-tighten as they may shear or crack the alloy casting. Girling states that "a torque of 4 to 6 lbs. should be applied which is sufficient to lock the bleed screws up without damaging the orifices of the ports. If a tell-tale black ring is seen on the seating surface, this is a sure sign of over-tightening".

If you discover that your electric fuel pump is not pumping any fuel, strike it with the palm of your hand to jar the points into action.

## Letters to Editor

Dear Cliff

I just from Jack about Dave Campbell Passing away, I'm sorry to hear that. Since Dave restored his own XK150 I'd like to propose we have a special Memorial Award to the Best XK150 Class Car Owner Restored, or Maintained Original Car for our Concours in the future. This should be brought up at the next Board of Directors Meeting, and it should be called THE DAVID CAMPBELL MEMORIAL AWARD.

Thanks, Kurt Rappold

### A Day at the Auction!

Forty People came for lunch and a further 10 or so turned up later for the annual DVJC Auction held at Lukens Inn on Sunday 14th April. In spite of a cool and showery day there were some Jaguars in the car park, even a lone E type. Inside, however all was Jaguar. A 20ft long table was covered in goodies, ranging from XJS wheels to keyrings and scarves. Along the back wall were blankets and ladies clothing, and dominating the display were four large signs and one beautiful painted garage sign (which sold for \$225). At one end of the tables was a large pile of car parts in various states of decay or restoration. I recognised an E Type reversing light and instrument panel among the treasure.

With lunch over Jack opened the proceedings with a short business meeting where he gave us the salient points from the recent AGM—details of which will be found in this or future newsletters—and the board meeting held the previous week—ditto. Rudy Horwitz spoke briefly on the DVJC concours and asked for volunteers to help either before or on the day. His number is on front of the newsletter so give him a call.

Ron Klien told us that the newsletter will, in future, feature a list of local car events of interest to Jaguar owners and commented on the misuse of the classified section. Joe Federico, Julia Gould and myself made ourselves known to the assembled multitude in our capacities as membership officers. The fact that there are three people involved in membership shows that the club is taking this seriously so if you know of any potential members our numbers are in the front.

We heard some discussion about the Philadelphia Vintage GP, or rather the lack of it and finally heard a plea from Cliff Hall for someone to be rallymaster for the club, we are in dire need of 'mobile' shows and rallies—call Cliff.

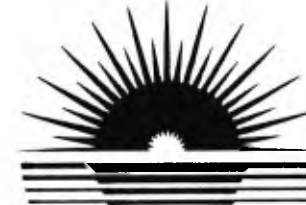

The Auction began in earnest at 4pm with Jack in fine voice as auctioneer. By the time I left at 5:45 about 80% of the items brought under the hammer had sold for prices ranging from \$3 for a sew-on badge up to the sign mentioned above and the tables were still groaning. I walked away with an XJS-shaped telephone (\$20) and a T-Shirt for Betty (\$17) and tried to buy a couple of other items, only to be outbid.

One or two of the bidders must of needed trucks to take home their trophies. Some notable items unfortunately didn't sell. How about a tie with your own Jaguar painted on it for \$15, or a genuine STOP sign. Other notables went easily. A specially commissioned denim jacket covered with Jaguar badges and stuff for \$100; a large carved mahogany Jaguar head (the animal not the twin-cam) for the same; and our own 25th anniversary table centerpiece for \$37.
