THE PREZ SEZ

Dear Members of D.V.J.C.:

A wonderful time was had by all at our Annual Club Christmas Party held at the General Wayne Inn on December 12th. The food and entertainment were enjoyable and the raffle for door prizes added a nice touch to the festivities. Our Club President Jack Sanft and his wife Bernice did a lot of preparation and the end results were there for everybody to see.

Jack recognized all of his officers and other volunteers with gifts and certificates in a ceremony before the crowd, and everyone enjoyed this gesture. Nearly all the current officers attended with guests or spouses.

The newly-elected officers were presented and a round of applause was heard upon our selection announcement. I spoke for a few moments on some key points.

I first offered many thanks to Jack for his leadership and to Bernice for her support over the 12 years he has headed DVJC. I also requested his help in the future as President Emeritus of DVJC. As Jack said, he kept D.V.J.C. going by his persistence and hard work. We now have a club of approximately 140 members, and a nice treasury.

We have participated in most of the Concours as contestants and judges during this period, and I am the person who made the leaping jaguar direction signs to the Concours sites and installed same.

My first Jaguar was a XK120M Coupe, now owned by Florida's own Tom Palisi. We had the car for 18 years and drove it daily. Due to my job location, I studied and learned the preventive maintenance routine as there was no service available in Central

Florida in the 50's. This turned into a hobby and then into a "collection".

In all my years associated with Jaguar and D.V.J.C. I have seen a lot of change. I hope to start off my tenure at full speed and not lose any "lap time" in the process. To that end, Pat and I have invited all the officers to our home for an open D.V.J.C. Club Meeting on January 10, 1993 at 3:00 P.M. The purpose is to have a Board of Directors meeting to plan the 1993-1994 Club activities.

Good Luck and Thank You for Your Support,

Kurt Rappold

I explained to the very interested crowd how I and my wife of 32 years, Pat, became members of the D.V.J.C. in the early 1960's.

Is it a dozen or a half dozen?

WHAT'S NEW

Have you driven a Jaguar lately? Jaguar Cars Inc. is so convinced its quality has improved under parent company Ford Motor Co., it is offering a money-back guarantee.

Jaguar calls it a "no-fine-print" guarantee. To qualify, buyers must live in greater Los Angeles, Phoenix, Miami or Portland, Ore. The 30-day guarantee is for new 1993-model Jaguars sold between December 1 and February 28.

Jaguar went from near the bottom to the Top 10 in the 1992 Customer Satisfaction Index from J.D. Power and Associates. The improvement was based more on customer handling than on cars themselves, but Jaguar's President Mike Dale said the nuts-and-bolts improvements are for real. In the old days, quality control was so loose that horsepower for Jaguar's inline six could vary by as much as 40, or about 18 percent, from engine to engine, depending on how well it was assembled, Dale said (as seen in Automotive News, November 23, 1992).

 When reassembling the brake lines on the front wheel cylinders, be extremely careful that the cross over pipe DOES NOT RUB against the wheel. The rubbing can abrade a hole in the brake line causing total failure of the front brakes. As the line is malleable, it can be repositioned by carefully prying or bending. Be careful not to pinch or crimp the steel brake line.

 On cars with knock-off wire wheels, periodically check the splines on the hubs and on the wheels. Be sure that the splines are not wearing away as this may cause serious wheel failure. After cleaning and checking the splines, coat the surfaces with anti-seize compound to facilitate removal and prevent rusting.
