## The Prez Sez

I cannot stress enough the importance of all club members renewing their membership for 1996. Our treasurer must submit the list of members to Jaguar Club of North America by January 15th. Failure to do so can result in loss of continuity of the *Jaguar Journal* and the *Purr*. Also involved is a lot more work for our volunteer treasurer and staff. Please remove the centerfold from this issue and fill in the information requested and return to Tony ASAP.

I have already gathered quite a bit of information regarding our events for 1996. The Directors Group will meet at V.P. Joe Federico's home on January 14 to firm up the activities. I recently found out that Jaguar will be the featured car at the Pittsburgh Grand Prix the second weekend in July. Our Swim Party will also fall in July. I received a letter from Bryn Mawr Rehab requesting we come back on September 8th. As you may recall, we did our own judging, and the Historical Car Club of Pennsylvania provided the silver trophies for our winners. The Atlantic City Car Show and Auction want us to return and have also offered us a free room. The Great American Race officials have asked us to participate in their N.E. Rally at Rehoboth Beach, Delaware on May 11 and 12. Last year we had 12 Jags run the rally and I was successful in coming in first after two days of driving. This rally will not hurt your Jaguar, and does not involve any racing. Delaware is very picturesque in May, so why not make a weekend of it?

It's hard to believe that we've already had our fifth snowfall this season. Member and Concours expert Jack Donahue advises that car washes recycle their water, so be advised if you plan to keep your Jaguar looking good, wash it yourself so that it doesn't get rinsed with salt water. Thanks for the helpful hint, Jack!

The art work in the holiday program was done by member Joann Poinard. Many thanks for your efforts, Joann! Joann and her new Jaguar were pictured in *Jag Journal* this year after achieving 100,000 miles driven in her 84XJ6 VP.

The arrangements for the holiday party, the poinsettias and the gifts were done by Bernice and Jack Sanft. Their work for the Club cannot be matched and their children also contribute to DVJC. I would like all the members to know how much I appreciate the time and effort spent in making DVJC a better club.

I have received requests from three new members for the official DVJC name tags. Any member may receive a name tag simply by dropping me a note requesting one. We do not use the stick-on labels, but we are attempting to be a friendly, family-oriented club. So whenever you attend any of the 1996 events, please wear your official DVJC name tag.

The 1996 Jaguar calendars were received December 16th and were mailed to those members who subscribed for them.

Let us all hope for a great year in 1996!

Thank you for attending the Delaware Valley Jaguar Club Annual Holiday Season Party at the General Wayne Inn. Within these walls, you are surrounded by almost 300 years of American history.

This year, we are celebrating 30 years as a Club. Our membership of 158 families is a very diverse group. We have doctors, lawyers, and mechanics; we have recent college graduates as well as retirees; we have some of the oldest Jaguars in the world to brand new XJSs and XJ6s. Our common ground is the love and appreciation of this fine car.

We are looking ahead to a very full year of activities in 1996. Each month we will have varied activities to provide a well-rounded program to all our membership. We will have four quarterly DVJC Directors Meetings to plot the direction of our Club and to keep us on an even keel.

Many thanks to Jaguar, Inc. for providing the Club with beautiful leather-bound Jaguar History Books from Swallow Side Car to the current XJS. The book is by Lord Montague of Beaulieu and is well done.

 When checking the transmission fluid level in a Jaguar with an automatic transmission make sure the transmission is warmed up and not in PARK. When the transmission is in PARK the hydraulic pumps are not pumping and fluid will remain in the pan causing a false high reading. When the car is at rest fluid will drain from the torque converter contributing to an incorrect reading. The safest method is to check the fluid level with the car operating in NEUTRAL. In some older models it is recommended to check the level when the transmission is in DRIVE (a two-man job with one applying the brakes)!  
Thanx to Steve Kress for this tech tip.

 When installing new tires on wire wheels make sure there are no labels or foreign material adhering to the inside of the tire which could abrade the inner tube causing a flat.

JAGUAR JOURNAL EDITOR, SELECT JCNA MEMBERS

FROM: MARK MILLER, VP PUBLIC AFFAIRS

One of the world's most prestigious fine arts museums has invited Jaguar to place a 3.8 E-type in the museum's permanent collection early next year.

Jaguar has therefore launched an intensive search for the appropriate E-type to acquire and donate. If you or any of your club members have an E-type available that meets the criteria outlined below, we would like to hear from you immediately.

We seek a roadster in good cosmetic condition and exhibiting a high degree of originality/authenticity. The colors in order of preference are:

Silver Grey  
Opalescent Silver Grey  
Primrose  
British Racing Green  
Sand

Re-sprays in original colors are acceptable, but the paint must match across all body panels. Interiors should be in the beige/biscuit/tan color range. Mechanical condition is not critical as the vehicle will be on static display. The engine bay, however, must be clean.

Funding options for this project range from outright purchase of the car by Jaguar to donation of the E-type by its owner. Financial consideration can be arranged for the owner who chooses to donate a car. Those who donate a vehicle in whole or part will be Jaguar's guests for an all expenses-paid trip to New York for the special acquisition ceremony that will take place during the New York Auto Show this spring.

If you are interested, please mail or fax a detailed description of the vehicle, its chassis number and a selection of photographs to me at Jaguar Cars, 555 MacArthur Blvd. Mahwah, NJ 07430; 201-818-0281 immediately.
