THE PREZ SEZ

By now we certainly must have received your membership renewal for 1996, I HOPE! The Annual General Meeting was held on March 7th and Jack and Bernice Sanft represented our Club in California. They plan to give us a quick review of these activities at the 94th Aero Squadron Brunch.

The upcoming Tech Session on Saturday March 23 at Lou Ottaviano's Lindley Motors will pertain to body work and metal fabrication. If you would like to participate, come in work clothes. Lou said he would allow participants to weld the sheet metal to get a feel for it. See the centerfold map in the January issue of the *Purr* if you plan to attend. The session starts at 11 A.M. and Lou will graciously provide a lunch. RSVP at 1-610-326-8484.

Page 9 of your January-February issue of the *Jaguar Journal* shows a photo taken from my E-Type of Candy Steinberg in her XK120 OTS rounding the turn at the Philadelphia Grand Prix. We plan to incorporate this event into our calendar of club events again this year. Look for it some time in the beginning of October.

Great news! Roy and Sydia Anderson took first place for 1995 in Class 9 for the USA. Their car is a 1962 MK2 Jaguar Saloon. This car was restored in a joint effort by the Andersons and Lippincotts Garage. Many of the older members will remember the Tech Session we were invited to attend years ago. I am glad they did so well this year and hope the Jaguar will still be shown at our show as it is a remarkable car. I would be very proud to have it shown at our Concours on June 2nd. How about it Roy and Sydia?

Other awards for 1995 were won in the Driven Division by Barbra Toth with her 1962 MK2, Terry Toth with his 1967 XKE Jaguar, Dave and Kathy Hershey with their beautiful BRG 1984 XJ6 Jaguar Sedan, and Club VP Joe Federico won with his 1988 XJS FHC Jaguar. It is great to see participation by Club members on the national level. Each of these Jaguars was shown at least three times at JCNA sanctioned events and did very well each time. We are fortunate to live in this particular area as there are several events nearby. Imagine having to transport such a car thousands of miles to attend an event! Our one JCNA sanctioned event is scheduled on June 2 this year. We finally had the date published in the Jag Journal Calendar in this past issue.

To those who have not renewed their membership, that issue of the Journal could be the last one you receive! JCNA charges DVJC \$18 per year for the six bi-monthly issues and an additional \$2 for event insurance. As you can see, our Club must pass on one-half of the dues to the national organization.

Included in this issue will be a map showing the 94th Aero Squadron as it related to Routes 1 & 95. Jerry and Carol are the single point contacts for the Brunch. You can RSVP at 215-969-5535. The Club has a deposit on the beautiful room overlooking the airport and we hope to have at least thirty in attendance -- that's only fifteen couples or 10% of our membership. I'd especially like to see the 1995 Concours winners attend so that their trophies can be presented at that time.

As mentioned, our March 23 Tech Session will utilize Lou Ottaviano's Lindley Motors. Please RSVP so that he will know how much food to buy! Again, his number is 610-326-8484.

Happy Motoring!

Kurt Rappold

Before removing a spark plug from your *Jaguar* follow these important rules. *Always* blow out any dirt or debris so that it will not fall into the combustion chamber. *Always* allow the cylinder head to cool down before removing the plugs. This is important because the aluminum in the cylinder head will expand at a different rate than the steel in the plug causing the head to tighten around the plug. There is a possibility the steel threads of the plug will strip the head if they are not permitted to cool off. This also helps prevent getting burned fingers.

When replacing new brake drums or rotors remember to clean the contact surfaces thoroughly with a proper solvent. Drums and rotors are shipped with a protective coating to resist rust.
